Dear brothers,

For the past two decades, hundreds of thousands of graduate students and visiting scholars from Mainland China have poured into the university campuses in North America and Europe. A good number of them are open to the high gospel and the deeper truths of the Lord's recovery.

In light of such a phenomenon, many saints in the recovery are stirred up by the Lord to preach the gospel of the kingdom to these students and scholars. Gospel meetings have been held across North America in many churches to reach them. As a result, over 3,500 of them were baptized in the churches in the last six years. We also have witnessed the work of the Holy Spirit in gaining many of these saved scholars and bringing them into the church life. More than 2,500 of them have consecrated themselves to the Lord.

Because of the Lord's blessing, there is a tremendous need for shepherding. These new ones need to see the vision of the Lord's recovery, to know the Body of Christ, to be equipped with the divine truth, to have the proper spiritual growth, and to live a God-man living so that they can serve as living and functioning members of the Body. This kind of perfecting work will enable them to stand for the Lord's testimony and to spread the gospel of the kingdom wherever they go.

In order to fulfill this burden, a Chinese-speaking one-week perfecting training will be held in Franklin Park, New Jersey during July 25-31, 2009. A number of co-workers from the U.S., Taiwan, and Hong Kong will coordinate to release messages on truth, life, vision, and service. We look to the Lord for His blessing upon this training and for many more saints to be captured to meet His need.

Since we also have received invitations from Northern California and the churches in Dallas area, in order for more saints to participate and function, we will have similar trainings from July 31<sup>st</sup> to August 3rd at Berkeley and Plano simultaneously after one week's training in New Jersey.

We beseech you to pray for this burden and to encourage the Chinese-speaking scholars and those who have burden to shepherd them in your locality to participate in this training. The co-workers, leading ones and the saints of other languages are also welcomed. English translation will be provided.

For information regarding the trainings, please see the following page.

In Christ,

The blending co-workers of the Lord's recovery
